

# Ridge Health Services

At Ridge Health Services, Inc. our medical professionals understand the importance of patience and compassion in the practice of medicine. In this unique primary care facility, patients of all abilities are treated with dignity and respect while receiving the excellent medical care they deserve. The highly skilled medical staff spends the time necessary to get to know the individual from a holistic perspective. Whether it is for an annual check up or a specific problem, quality health care begins at Ridge Health.

Ridge Health Services, Inc. is a diagnostic and treatment center licensed by the New York State Department of Health. It operates in partnership with Schenectady County Chapter, NYSARC, Inc. which provides a wide variety of residential, vocational, day, clinical and family support services for individuals with developmental disabilities.

Our medical team has experienced in treating people of all abilities and complex health issues affecting physical and/or mental health. The clinic is accessible and well equipped to serve people with disabilities. The following services are available to any individual age 16 or older at Ridge Health Services, Inc.
